## The world's leading jet tender specialists.

From the moment our first tender took to the waters in 1996, the Williams name has been a byword for engineering excellence and pure boating pleasure.

Since then, we've expanded the fleet so that owners of all yacht sizes can experience what it means to own a Williams.

Which, depending on your mood, might be ferrying guests in the lap of luxury. Or it might be pushing the throttle and turning your tender into a high-performance ski boat.

However you use it, every Williams tender is the result of a single goal: to make the very best boats possible so you can have the very best time on the water.

Williams Jet Tenders. Our passion is your joy.

Build your tender at [williamsjettenders.com](https://www.williamsjettenders.com)

## Ensuring your tender and yacht are made for each other.

The yachting experience begins and ends with your tender. That's why every Williams tender is built to maximise comfort, style, practicality and performance – the same qualities you look for in your yacht.

But we push things a little further. Our decades-long relationships with yacht builders mean our tenders work seamlessly with their garage systems and are an ideal match for your yacht's size and performance.

Which means, not only are our tenders built with the world's best yachts in mind, the world's best yachts are built with our tenders in mind.

## S P O R T J E T

The SportJet will do all you've come to expect from a Williams tender. It will carry your passengers in style and comfort, and cruise serenely across the water as you head to golden beaches or back to your yacht.

But we put 'Sport' in its name for a reason...

Powered by the blistering BRP Rotax engine series, the SportJet is the go-to craft for legendary wakeboarding and waterskiing sessions. Its sports hull delivers laser-accurate straight lines when your skier is in tow, and when turning, you can throw it into corners like it's on rails.

So yes, the SportJet will work hard when you need it to. But open up that throttle and it soon becomes all about the play.

## Floats like a butterfly...

Lightweight yet powerful. Compact yet spacious. A smooth-sailing cruiser and a high-performance ski boat. If the SportJet sounds like a contradiction, that's because it is – which is testament to our engineers, who designed the SportJet to be the most versatile tender in the world.

With its cleverly crafted interior, there's always space for socialising. But when the mood takes you, the SportJet goes from pleasure craft to powerboat in the blink of an eye – perfect for wakeboarders, waterskiers and thrill-seekers.

It's also quiet, clean and – with no exposed moving propeller – completely safe in the water.

10

High-performance, powerful and fuel-efficient BRP Rotax engine.

Safe, high-torque jet propulsion system with no exposed propeller.

The SportJet's blistering speed is matched by the surest of handling.

Power limiter switch helps new drivers learn the ropes safely.

Automatic bow inflation and deflation to easily fit the SportJet into smaller garages.

Customise your tender with a range of colour options, fittings and electronic equipment.

“ ...at pace in open waters,  
its dynamic manners are  
every bit as impeccable as the  
reputation Williams have taken  
such great pains to build.

Powerboat & Rib Magazine, UK.

## 345

We've designed the SportJet 345 to fit on 16m+ yachts, so owners of smaller yachts can now experience the ultimate high-performance sports tender.

And even though we made it to be compact, it's still big enough to comfortably seat five adults and carry them away on far-flung cruises with its ample 50-litre fuel tank.

They're guaranteed to enjoy the ride, too, with the 345's BRP Rotax engine and expertly designed sports hull providing power and precision in one small but mighty package.

### SPECIFICATIONS

**LOA**  
3.45m / 11ft 3in

**BEAM**  
1.77m / 5ft 9in

**Overall Height**  
0.93m / 3ft 0.6in,  
0.85m / 2ft 9in low profile

**Dry Weight**  
340kg / 750lb

## 395

The SportJet 395's low seating configuration means its six passengers revel in every twist, turn, and burst of acceleration.

At the same time, its increased tube diameter improves stability, keeping you drier in choppy waters and giving you the freedom to go further and explore more.

With the 395, endless memorable days of fun, relaxation and sporting action stretch out before you – whatever the conditions.

### SPECIFICATIONS

**LOA**  
3.90m / 12ft 9in

## 435

The SportJet 435's blistering acceleration and top speed of up to 84kph (52mph) is matched by its incredible stability and pinpoint handling.

And thanks to its sociable seating layout, up to seven passengers can enjoy the ride as you power along crystal clear coastlines or rip around the bay with wakeboarder in tow.

Not forgetting, of course, that the SportJet 435 is ideal for yacht tender duties and will fit comfortably on the back of 20m+ motor yachts.

### SPECIFICATIONS

**LOA**  
4.35m / 14ft 3in

**BEAM**  
1.94m / 6ft 4in

**Overall Height**  
1.06m / 3ft 5in,  
0.97m / 3ft 2in low profile

**Dry Weight**  
90hp – 435kg / 130hp – 480kg

**Engine**  
BRP Rotax Ace 903 – 90hp  
or Rotax Ace 1630 – 130hp

**Fuel Capacity**

# SPORT JET 460

With its specially designed hull planting it in the water, the 460 is a super-comfortable cruiser, perfect for safe, straight-line tracking and cruising along the coastline.

But with a top speed of 77kph (48mph) and the responsiveness to grip hard in the turns, it's also a white-knuckle ski boat that can give up to six passengers the thrill of their lives.

## SPECIFICATIONS

## 520

Our largest model in the SportJet range, the 520 has a sunbathing pad, ample storage, and plenty of room for seven adults.

But don't let its size fool you. With a 200hp Rotax 4-TEC engine and a top speed of 84kph (52mph), the 520's practicality doesn't come at the cost of its punch.

As with every SportJet, towing friends is not only easy, it's safe, too – the iconic Williams jet propulsion system means no blades are exposed in the water.

From practical tender duties to adrenaline-fuelled days in the sun, the SportJet 520 is master of them all.

### SPECIFICATIONS
