

WILLIAMS
JET TENDERS

EVOJET

Discover the joy.

EVOJET

70

We make the world's leading jet tenders so you can make the memories.

Since we launched our first boat in 1996, we have been changing the game and challenging the boundaries of boat building. Today, we are recognised as the pioneers of luxury, high-performance jet tenders... and we're just getting started.

Compelled by a desire to explore, we remain dedicated to evolving our craft through cutting-edge technologies, materials and processes that are fit for the future.

Built with passion, unrivalled expertise and exceptional craftsmanship, our boats are made to give you memorable moments on the water.

Discover the joy.

We are evolving our
craft for a better future
and we want you to
share the journey.

Luxury, evolved.

EVOJET

The EvoJet is our largest and most advanced tender, designed for superyachts of 40m+. Its impressive size and abundance of storage effortlessly caters for up to 13 passengers and their luggage, making tender travel for larger parties easier than ever.

Your guests will be guaranteed a refined ride thanks to the EvoJet's low-level boarding platforms and comfortable seating, as well as the smooth responsiveness of the Williams jet propulsion system.

With its unparalleled power, grace and space, the EvoJet creates a new benchmark in luxury tender travel.

Made for each other.

The world's best yachts are built with Williams in mind, making our jet tenders a seamless extension of your onboard life, designed to fit and perform exactly how you need them to.

Our long-standing relationship with yacht builders means our tenders fit seamlessly with their garage systems, ensuring style, practicality and performance come as standard, but the experience of a Williams tender remains uniquely special.

The world's best
yachts are built with
Williams in mind.

When evolution becomes revolution. Large but nimble, powerful but luxurious, comfortable but *thrilling*.

We had a simple aim for the EvoJet: to push the boundaries of what we thought a tender could be.

The result is the EvoJet 70, a tender that carries larger groups in unparalleled comfort, yet has the power to exhilarate the second you push its ultra-responsive throttle.

The EvoJet is large but nimble, powerful but luxurious, comfortable but thrilling. A paradox, almost, and one that could only have been brought to life by our exceptional team of designers and engineers.

Space, power and performance come as standard.

The feeling should be uniquely you.

Handcrafted and bespoke.

Select custom colours, fixtures and finishes to ensure your tender looks and feels like yours.

EVOJET 70

With the EvoJet 70, the superyacht experience begins when you step aboard your tender.

With swathes of space, 235 litres of storage, a deep hull ensuring the smoothest of rides, and a powerful 250hp Yanmar diesel engine delivering a surge of power, the EvoJet is the perfect marriage of luxury and performance.

Thanks to its tailored driving position, where a rotating helm booster means you can drive sitting or standing, you always feel in complete control.

SPECIFICATION

LOA

7.1m / 23ft 3in

BEAM

2.65m / 8ft 7in
